## RU470HA RIB Ai Ultra Vee Chase

Heavy duty, Ultra Vee bottom

A distinctive streamlined hull which features a reverse sheer in the buoyancy tube at the bow, plus an extremely strong aluminium hull. This ensures a very dry and soft riding boat in all conditions, while retaining an easily driven buoyant hull. The combination of an aluminium hull with HYPAON tubes ensures the best combination for a durable hard-wearing boat.

### Tube fabric

Hypalon/Neoprene coated Polyester 1200gm/sqm, 1100 decitex

### Hull or Board material

4mm plate hull with full girder and bulkhead reinforcing structure.

### Standard Equipment

Two Person Straddle Console with steering system, Lifeline Grabhandles, Rubbing Strake, Bottom Chafing Strips, Towing Eye, Paddles, Bellows, Repair Kit, Operation Manual.

### Optional equipment

80 litre Fuel Tank under floor, Self Draining Valves/Scuppers, Lifting Points and Strops, Navigation Lights
