

U470 Ultra Vee Inflatable Boat

Hypalon Heavy duty inflatable with inflatable keel

A distinctive streamlined hull which features a reverse sheer in the buoyancy tube at the bow and a radial bow, plus an extremely deep inflatable keel. This ensures a very dry and soft riding boat in all conditions, while retaining an easily driven buoyant hull. The strong floor boards provide rigidity associated with an RIB.

Tube fabric

Longer lasting Hypalon fabric

Hull or Board material

Fabric bottom with large inflatable keel. The deck is made from multiple GRP bottom boards with side battens

Standard Equipment

Lifeline Grabhandles, Rubbing Strake, Bottom Chafing Strips, Towing Eye, Paddles, Bellows, Repair Kit, Operation Manual and Valises

Optional equipment

Lifting Points and Strops, Self Draining Valves/Scuppers, Remote Steering and Console, Fixed Spray Dodger/Stowage, Seats, Boat Cover, Spares Kit
